Learn to do business with NASA and gain the market intelligence and analytics you need to navigate the changing landscape of the aerospace defense marketplace. The 9<sup>th</sup> Annual Aerospace Defense Conference will feature expert speakers in aerospace defense, who will share where the market is going in the next year, which programs have funding, and the new programs on the horizon. This year we welcome NASA procurement, as they share the opportunities available to support their agency and how to do business with in their supply chain.
